A photograph of a handwritten letter. The text "Dear Legislatures" is written vertically on the left. To its right is a large, stylized signature that appears to read "Jaime Fletcher". A thick, downward-pointing arrow is drawn under the signature. The paper has a light blue background with faint circular patterns.

I love our dog by children. This is a little part we sing. It is so fun

Dear Legislators,

Please don't take away the opportunity for children like my class and I learn how to work together and make something work and be ~~stup~~ enjoyable.

It's a great opportunity for kids to have fun, make NEW friends, and create new talents!

Here's some things I enjoy about it: We get to paint our scenery, spend time with friends, you get to create new talents.

It's an AWESOME Program!

CHILDREN!

Dear legislators, We loooovvvveee
the opera. Its helped me with a
few things in life. One of them is
becoming my dream, a sing and dancer.
Sometimes I'm scared to be on stage
but thanks to the opera, I love being
on stage! Now I can become my
dream.

thank you,

Dear Legislators,

The opera has been the highlight of my year. Please continue funding for the Opera By Children. It is a good opportunity. It also helps us to work together, and it is fun.

In the opera I am a knight. The title of the opera is: A Medieval Tale. I am looking forward to performing this year. I also want to do it the next two years. It will be very fun.

The opera is a special opportunity. I have enjoyed it. That is why I want to do it the next two years. I will be very happy if you continue to fund the opera.

Sincerely,

Clark R.

Dear Legislators,

Opera by Children is awesome!
It really helps me use my vocal cords
more in singing. It really has
great emotion & it uses up our
extra time in class.

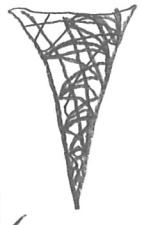

sincerely,

Ryan

Opera is awesome
Dear Legislatures,
Opera is awesome.
It's the highlight of the
year. Opera by children
I wish I did it every year.
It is so awesome when
I say awesome I think of

Dear Legislators,

I LOVE the Opera by Children! If I were a legislator I would fund it.

I would fund it because it is a great time

to learn how to work together and

this generation needs as much of that

as we can get. We also paint, write, and do

the music to our opera. It is overall

really fun. Another pro. to having Opera by

Children is that it is expressing your

education through music and song.

It a really fun way to learn.

It's almost like singing your ABC's

but in 4th, 5th, and 6th grade on stage.

However, the operas don't pay for
themselves.
